Efficiently monitor your patent portfolio and your competitors' patenting activity without time-consuming manual checks.

With FIZ PatMon's intuitive interface and custom workflow support features, you can easily:

- Receive alerts based on opposition, licensing, ownership changes, withdrawal, or grant to any patent of interest, and review status indicators for both patents and utility models.
- Follow your patent application through the grant procedure.
- Watch your competitors' patents in additional countries in order to assess risks to your business.
- Monitor changes to the validity of your competitors' patents to inform business decisions.

Relevant changes were detected for your monitored patents.
